**STATEMENT OF SUBSTANCE OF INTERVIEW IN  
ACCORDANCE WITH MPEP §713.04**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicant submits herewith a statement on the substance of the personal interview held on September 16, 2009.

In the interview, Applicant representative Leonard R. Svensson and inventor John Oldenburg discussed with Examiner Stephen L. Blau the amendments presented in the response to the previous Office Action. In view of Fig. 7, and additional explanation, Examiner agreed that the term “substantially” when added to claims 1, 2, 7, 10-12, and 18 with regard to the longitudinal bending stiffness/profile, is not “new matter” (i.e., the term “substantially” is in this aspect supported by the specification). However, Examiner indicated that a review of the prior art would be necessary in view of his new understanding of the claims.
